

THE LEADER IN ORGANIC-BASED LAWN CARE®

Date	5/7/21
Salesperson	Thom S
Sq. Feet	20k

Name:	Eggemoggin Baptist Church	Address:	334 Reach Rd, Sedgewick
Phone:	207-66-2276	Email:	matt@downeastit.com

We are pleased to provide you with this estimate. After confirmation, our team will complete an onsite measurement of your property and perform an expert assessment. Laboratory results after a comprehensive soil analysis are FREE when you sign-up for a complete fertilization program.

**Fertilization Programs:** Our program consists of 5 fertilizations and 1 supplemental liming. (Early Spring, Late Spring, Summer, Early Fall, Winterization and Lime). This program nurtures the plants with organic based fertilizer to build a healthier, more robust soil greatly reducing the chance of insect damage and weeds during the summer months.

- Program A – The Natural Alternative is Pesticide-Free
- Program B – The Alternative includes crabgrass reducer and weed control.

**Tick Ranger:** Kills any fleas and ticks within treated areas and creates a barrier around your lawn.

**Preventative Grub Control:** Protects your lawn against grub infestations.

**Mosquito Ranger:** Keeps those pesky insects away, so your family can enjoy their time outside.

**Mole Control:** Deters moles away from your lawn.

**Spring Aeration:** Treatment that will help improve the recycling flow of air, water, and nutrients to your soil.

**Fall Aeration & Over-seeding:** Treatment will bring new life to old roots and introduces newer and better varieties of grass which helps enable your lawn to better resist weed invasion, insect attacks, and disease problems.
